Stain, Go  
Away**<sup>TM</sup>  
**STAIN  
REMOVER**

FRAGRANCE FREE

946ml (32oz)

Hi! We're Kevin & Keith...

...BabyGanics founding-fathers - compulsive, clean-freaks but also family guys (wife, kids, dog, cat)! We read other 'green' labels and think "Whoa. That's harsh!" Safe for the planet should include people, right? So, we make products that clean like crazy and are safe around babies: earth safe, people safe & picky mother-in-law safe. (Did we mention they really work?) Let us know what you think!

[foundingfathers@babyganics.com](mailto:foundingfathers@babyganics.com)

You don't know where they came from or what they are, but they're everywhere: mysterious stains and odors on clothes, bibs, diapers, carpets, bedding. Don't ask why, just get them gone with our naturally safe formula. Safe as it is effective. Hey, we're all about solutions. No judgments.

- DIRECTIONS:** Spray on stain. Chill for five. Then wash. Store in a cool dry place.
- INGREDIENTS:** Plant Derived Cleaning Agents (coconut, palm kernel based surfactants), Filtered Water, Naturally Derived Quality Control Agents and Preservative (less than 0.1%)
- SAFETY INFORMATION:** If BabyGanics gets in your eyes, flush out with water. BabyGanics isn't meant to be consumed but things happen so relax - it's not poisonous. No kidding though, if you swallow it, drink plenty of water. Be safe. Keep your cleaning products out of reach of children and pets.
